Become a part of the Youth Advisory Committee!

The Rye City Council has created a Youth Advisory Committee to advise them on matters related to youth in our community and is looking for kids with great ideas on how to make Rye a better place to live!

The committee, made up of students in grades seven through twelve, will meet at least four evenings a year at City Hall to discuss issues facing the community. The Committee will have the opportunity to meet elected officials and city staff and learn about local government firsthand. The Committee will also prepare reports to be delivered to the City Council at their televised meetings.

If you are interested in becoming a member of this new advisory committee, or know someone who would be an asset to group like this, fill out the attached form and send it in by October 15, 2003.

Nominees will be invited to an informational meeting and fifteen students will be selected to serve for the 2003-2004 school year. Students must live in the City of Rye but may attend any public or private school. Participation may count toward community service hours.
